Certified Public Accountants

Independent Auditor's Report

To the Member of
Promethean Capital Group LLC

We have audited the accompanying statement of financial condition of Promethean Capital Group LLC (the "Company") (a wholly owned subsidiary of Promethean Investment Group L.P.) as of December 31, 2007 that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Promethean Capital Group LLC as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

PROMETHEAN CAPITAL GROUP LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2007

- 1. ORGANIZATION:** Promethean Capital Group LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority. The Company is a wholly owned subsidiary of Promethean Investment Group L.P. (the "Parent").

The Company acts as the agent in the private placements of securities.
- 2. SIGNIFICANT ACCOUNTING POLICIES:** This financial statement has been prepared in conformity with accounting principles generally accepted in the United States of America which require the use of estimates by the Company's management.

No provision for federal and state income taxes has been made for the Company since, as a limited liability company, it is not subject to income taxes. The Company is subject to and has provided for New York City unincorporated business tax (UBT tax) (see Note 3).
- 3. RELATED PARTY TRANSACTIONS:** Pursuant to an agreement with an affiliate (the "Affiliate"), the Company reimburses the Affiliate for rent, communication, compensation and general operating expenses paid by the Affiliate. The Parent reported the Company's income subject to UBT tax on the Parent's tax return, without reimbursement from the Company for its portion of the tax liabilities. In a year when the Company has taxable loss, such loss will offset the Parent's taxable income.
- 4. CONCENTRATIONS OF CREDIT RISK:** The clearing and depository operations for the Company's proprietary transactions are provided by one broker, which is a member of major securities exchanges. At December 31, 2007, the amount due from broker reflected in the statement of financial condition is due from this broker.
- 5. NET CAPITAL REQUIREMENT:** As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the SEC, which requires the maintenance of minimum net capital, as defined, of 6-2/3% of aggregate indebtedness, as defined, or \$100,000, whichever is greater. Net capital and aggregate indebtedness change from day to day, but as of December 31, 2007, the Company had net capital of \$191,457, which exceeded the requirement by \$91,457.

PROMETHEAN CAPITAL GROUP LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2007

6. **RECENT
ACCOUNTING
PRONOUNCE-
MENT:**

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48 ("FIN 48"), *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement 109*. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return. If there are changes in net assets as a result of application of FIN 48, these will be accounted for as an adjustment to the opening balance of retained earnings. Additional disclosures about the amounts of such liabilities will be required also. In February 2008, the FASB delayed the effective date of FIN 48 for certain nonpublic enterprises to annual financial statements for fiscal years beginning after December 15, 2007. The Company will be required to adopt FIN 48 in its 2008 annual financial statements. Management is currently assessing the impact of FIN 48 on its financial position and results of operations and has not determined if the adoption of FIN 48 will have a material effect on its financial statements.

Independent Auditor's Supplementary Report on Internal Control

To the Member of
Promethean Capital Group LLC

In planning and performing our audit of the financial statements of Promethean Capital Group LLC (the "Company") (a wholly owned subsidiary of Promethean Investment Group L.P.) as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11).

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Determining compliance with rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for

which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of controls does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the member, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
